WHO WE ARE

Frontline Academy serves as the educational arm of Frontline Logistics, a leading logistics conglomerate operating in 12 countries across the Middle East and Asia. With 26 offices and over 600 professionals, Frontline Group has earned numerous accolades and industry affiliations since its launching 2009.

To address the shortage of skilled logistics professionals, Frontline Academy was established as part of the company's Corporate Social Responsibility initiative. The academy trains and develops talent from the grassroots level, focusing on employing local professionals and equipping them to compete globally.

Founded in Eramangalam near Edappal, the academy now has branches in Calicut and Perinthalmanna, each featuring state-of-the-art smart classrooms and modern facilities. A team of experienced industry experts leads the training, supported by a dedicated logistics library with the latest industry resources. Frontline Academy offers a 12-month program, including six months of classroom training in India and up to six months of **On Job Training (OJT)** at Frontline Group offices in India and the Gulf region. This hands-on approach ensures practical learning for real-world logistics challenges.

The academy is affiliated with prestigious organizations such as **The Chartered Institute of Logistics and Transport (CILT), UK**, and the Skill Development Board, UK, providing globally recognized certifications.

WHY CHOOSE FRONTLINE ACADEMY?

Frontline Academy is the only academy run by a well-known global logistics company, making it the ideal choice for aspiring logistics professionals. Our structured 12-month training program bridges the gap between theoretical learning and real-world applications. The program includes six months of classroom training in India, led by industry experts, ensuring a strong foundation in logistics and supply chain management. What truly sets Frontline Academy apart is its exclusive **On Job Training (OJT)**, providing up to six months of hands-on experience at Frontline Group offices in India and the Gulf region. This unique opportunity allows students to gain invaluable industry exposure, applying their knowledge in real business environments. With global experience, career-focused training, and direct industry insights, Frontline Academy prepares students to excel in the competitive world of logistics. Choose Frontline Academy—where knowledge meets experience, and careers take flight!

STUDENT TESTIMONIALS

❧

The training at Frontline Academy was crucial to my logistics career, covering key topics like supply chain analytics and transportation management. The hands-on training provided real-world experience, while mock interviews and case studies prepared me for my job interview. In my current role at Sangwin Ventures Pvt. Ltd. (Reliance Group), Cochin, I apply these skills to tackle challenges and enhance operations.
